WEB DEVELOPER

About me

A final-year college student with a solid understanding of web development, including HTML, CSS, and JavaScript. Excited to apply my skills in real-world projects and eager to learn more. Looking forward to gaining practical experience and contributing to web development tasks.

Project

HOTEL BOOKING SYSTEM

A web application using HTML, CSS, PHP, and MySQL that allows users to search for available rooms, view details, and make bookings online. PHP handles the backend logic, while MySQL stores booking data and availability.

BUS BOOKING SYSTEM

A web platform built with HTML, CSS, PHP, and MySQL, enabling users to check bus schedules, select seats, and book tickets online. PHP manages bookings, and MySQL stores reservation details.
